Zoning objections raised to marksmen's range

The Haliburton County Marksmen's club is facing yet another threat to its existence. Bobcaygeon Road resident Bill Carrell has continued efforts to have the club removed from the vicinity of his home with objections from his lawyer on the suitability of area zoning.

Following a 20 minute briefing of council for which gun club members were asked to leave the council chambers, Anson, Hindon and Minden's solicitor, Frazer Rogers outlined his concerns to the club.

According to Rogers, zoning by-law 82-11, which governs development in the township, does not allow a club of this type in an area zoned rural. He suggested three possibilities to counter the zoning problem. The first, calling the club a hunt camp, was ruled out because the definition of such a camp requires it to be temporary and the club's building is a permanent structure.

The second alternative, requiring research, is to designate the converted gravel pit legal non-conforming. He said the club

had been formed before by-law 82-11 was approved by council and while it is non-conforming he questioned its legality in that sense.

The third possibility is categorizing the club as a public service. Rogers was not optimistic about this alternative either.

However, marksmen's club member Stu Brandon pointed out the curling club is under the public service designation and its extent of public service did not equal the marksmen's club's efforts. Brandon noted the club provided a public service with the hunter safety courses taught there. He noted the curling club building is owned by the municipality and stands on municipal property. If clearing up the zoning problem experienced by the club requires the club to sell the building to the municipality for \$1, that arrangement could be made, he suggested.

Rogers admitted the comparison could permit the club to operate but cautioned the option should be discussed by lawyers representing the municipality and the gun club. He said the public service comparison with the curling club seemed tenuous but qualified the remark, saying he is not a marksman.

Club president Glynne Lewis said the club's lawyer, Raymond Selbie, suggested a minor variance be applied for from Anson, Hindon and Minden.

Rogers pointed out a minor variance would have to be circulated to allow objections to be considered and satisfied. The club should first pursue the public service possibility before committing itself to a minor variance, he commented.

Councillor Gary Kenney asked club members about funding in the event the issue is sent to the Ontario Municipal Board (OMB). Brandon replied the club would be willing to support some of the costs, after first learning the extent of funds required.

The municipal council and the club decided to continue to seek a compromise with Carrell's lawyer and have legal representation discover the lengths of the club's public service.

Plan terms set

Council members of the municipality of Anson, Hindon and Minden finally met with the two representatives of the Community Planning Advisory Branch of the Ministry of Municipal Affairs and Housing to discuss the ministry's draft terms of reference for the township's Official Plan. The meeting between council and Anne Dragicevic and Ayleena Antoniszyn dominated the afternoon of the June 23 council meeting.

Dragicevic ran through the terms inviting discussion and alterations to better define the municipality's goals. The guidelines, to be given to the consultant chosen by the municipality and the ministry, will be used as the priority areas of study.

These areas range from identifying the "planning period and projecting future population levels," taking into account current goals of the municipality and other trends, to assessing "parks, open space and recreation needs," to a

(More on page 3)

One of two valedictorians during the High School graduation exercises, Kathy Mosgrove, spoke from the podium. For more photos and details from the HHSS graduation exercises, please turn to pages 17 and 18. The second valedictorian was Debbie Ingram.

Kimberley Harding was one of a number of kindergarten students at Archie Stouffer Elementary School to receive a graduation diploma last week from vice-principal Gerald Irish. Exercises for the youngsters were held on the lawn in front of the school while inside Grade eight grads were being presented with their certificates. For more details and photos of the Grade eight graduation please turn to pages 8 and 9.

Pair charged in car theft

Two men have been charged following a car theft from Black Lake in Lutterworth Township. The vehicle was discovered a short distance from the location where it was left by the owner. It had been demolished when the driver failed to negotiate a curve and it slammed into a rock cut.

Charged in the theft are Victor W. Forster, 23, of

Norland and James Cius, 19, of Minden. Forster is being held in jail in Lindsay. The pair will appear in Minden court July 20.

The investigating officer is Constable Al Bibby.

Deer killed

Collisions on area highways have claimed the life of three deer and probably resulted in injury to a fourth. Two deer were struck on Highway 118 near

Carnarvon while two others were hit on Highway 121 between Minden and Haliburton.

According to police, deer can become confused when bright headlights approach. Often they will move into the path of the lights or freeze in the middle of the road. Drivers travelling at night are advised to be alert for deer. Their eyes reflect

Official Plan terms

(from page 1)

special study of the Minden townsite.

The plan is to be carried out in four stages as suggested by the draft terms of reference.

The first stage is the assembly of background information including the extent of development patterns and nature of various land features.

Stage two is an analysis of the gathered information in light of official plan objectives including a "review of

current planning policies, implications for future policies and preparation of alternative policies."

The third stage is the "preparation of (the) draft official plan (which) should include: basis of plan, goals and objectives, land use policies, servicing, implementation and land use schedules."

Also during stage three the ministry will review the document and circulate it to other concerned ministries and agencies. Then the plan will be modified as required

following public meetings held by council.

The fourth stage in the plan completes the exercise: adoption and submission.

The draft plan also outlines meetings required to iron out details, cost estimates, and a flow chart, the last two items prepared by the consultant.

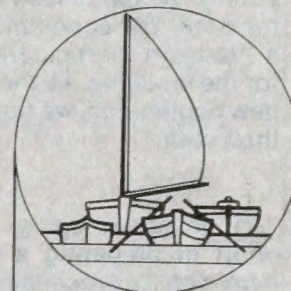

The municipality has invited tenders from consultants experienced with compiling official plans. Proposals for the plan have been requested by July 20.

Getting ready for July 1

Youngsters in the community are reminded that there will be a number of contests for which they must be prepared in advance at the Canada Day family picnic this Friday.

The first, and most obvious, is the dog show. All dogs must be on leads and will be judged in the following categories: longest tail, shortest tail, longest ears, fattest dog, tallest dog and a prize for the dog who can jump through a hula hoop. Remember, it could be hot at the fairgrounds, so arrangements should be made to take the dogs home shortly after the judging.

The other event which requires preparation is the decorated bicycle, tricycle or wagon contest. Judging will take place immediately after the flag raising ceremonies are complete. The entries will be judged in the following age categories: two and three; four to six; seven to nine; and ten to 12 years of age.

PARENTAL GUIDANCE

editorial

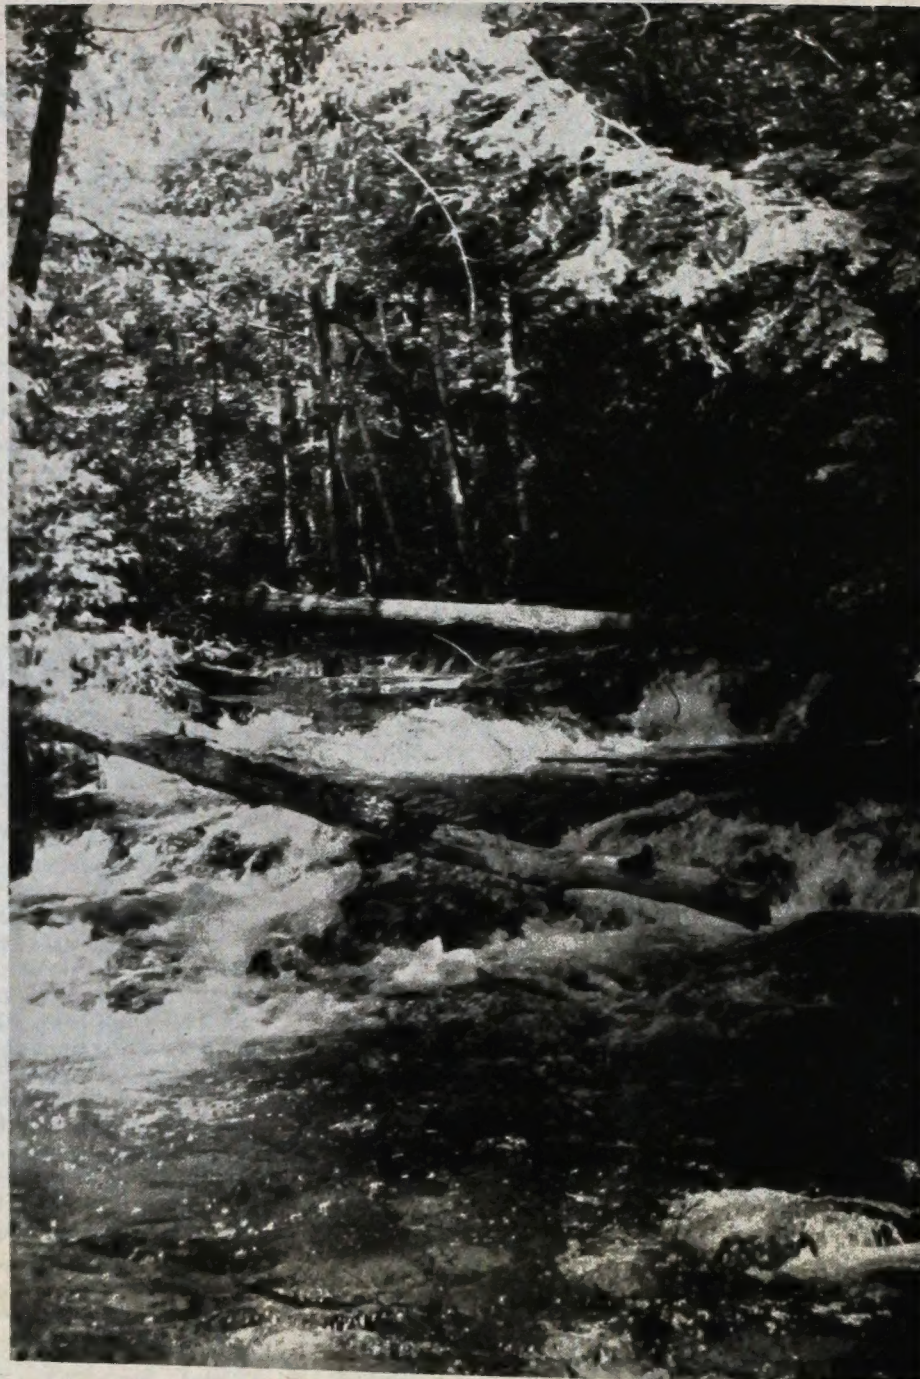

This & that

June brings with it the usual spate of graduations. From students who have moved away from the Highlands, we hear of successes at colleges and universities. Closer to home high school and elementary school students are called forward to accept their diplomas and certificates of achievement.

We wish the grads well, especially those who will be making their way out into the labour force. Unfortunately this is not the best time to be a young, inexperienced but eager person, looking for work. The economic downturn has left jobs at a premium, particularly for those seeking work for the first time. As these people start off on their new beginnings, we hope they find the fulfillment they seek.

It is encouraging to see Minden council's effort in preparing a new official plan for the municipality proceeding. The terms of reference for the consultants were agreed to at last Thursday's council session. It shouldn't be too long before the consultants are chosen and the hands on work begins.

The Ontario government has demonstrated its commitment to acid rain research by opening, yesterday, the new laboratory in Dorset. We applaud their effort and hope they will continue to place a high priority on this most serious problem. It would appear the officials in the United States are starting to realize the devastating impact of acid rain and that much of the problem stems from sources within their boundaries. With continued research, such as that taking place in Dorset, our provincial and federal spokespeople will be better equipped to present their case south of the border.

Highlands stream

Session ends - work continues

- by John Eakins, M.P.P. -

On Tuesday evening, June 21, the Ontario Legislature adjourned until October 11.

No doubt many people will think that Members are on a great and extended vacation. However, the work carries on and in my case I will be busy dealing with constituency concerns. Also, there will be committee meetings at Queen's Park and these, of course, go on without much public attention.

As chairman of the Liberal Rural Task Force, I will be busy this summer touring the province, meeting groups, organizations and individuals. In addition I will use this time to visit many in our own counties and have an opportunity to talk with you personally.

Even though the Legislature does not meet, the work of our offices carries on and I invite you to call if we can be of assistance.

On Thursday, June 16, I had the pleasure of being the last member to present a private member's bill before the recess. As many of you

are aware, my resolution discussed the pro's and con's of alcohol use and abuse. It was a useful discussion and I was pleased that it was endorsed by the whole Legislature. The intent of the resolution was simply to get the assembly to discuss this very important subject. They did, and now hopefully an all-party committee can be established to receive submissions from the public. I have been encouraged by the comments I have been receiving from various areas of Ontario.

Plant Closings

According to draft legislation tabled by the Ministry of Labour, when

an Ontario plant is closed down, the employer will be forced to offer any job openings he might have in the province to the laid-off workers ahead of anyone else.

The Minister stated that the majority of companies consider it good corporate citizenship to offer to relocate the laid-off employees, but that there have been a few "rather obstinate" employers who have refused to give such employees priority when it comes to hiring.

The legislation is needed, he said, because of the problems older workers have in finding a new job when a plant closes.

letters

Editor:

Recently I had the pleasure of visiting friends in your vicinity of Minden, and of course did a little shopping in your town.

You can imagine the surprise I had that at the entrance I see four signs to say this is "Minden". One at least was pleasant to read. I certainly couldn't read two sideways signs while driving a car. Furthermore, they don't do anything for your town, and I am sure they were very costly for the townspeople for such a terrible monstrosity.

I noticed from your paper, you were asking for comments on the signs, so took the liberty of expressing mine.

(Mrs.) Lillian Scruton,
Islington, Ont.

Editor:

Regarding the new signs at the South Water Street and Bobcaygeon Road entrances; I was very pleased to see the large number of responses you received to your request for opinion.

The signs have achieved the desired effect and have in fact generated responses far exceeding our expectations. It would appear that all your respondents have noticed the signage and that was the sole purpose for erecting the signs.

There are, however, some misconceptions about their origin. The funding came from a federal government employment program, and the Minden Business Improvement Area merchants (BIA). Several projects were included in the application for funding and the signs were one of two projects approved.

The design for the signs came from a 1982 architectural study complied by five architects invited to the village by the BIA under the sponsorship of the Ontario Association of Architects.

The need for striking, innovative and visible signage was defined by local citizens at a public meeting held in the spring of 1982 and the design presented shortly thereafter at a second public meeting. Both meetings were well advertised on several occasions and participation from all residents was requested. Those citizens who were interested in constructive input and involvement in their community were in attendance.

Again, let me say how very pleased we are with the number of responses in your newspaper, as it demonstrates the signs have been successful in their intent.

As for those who are perceptually handicapped and must tilt their heads, or lie on their sides to read, we apologize.
Stu Brandon,
Minden.

The new interlocking block sidewalks being installed in Minden have become a real hit with the community. Car dealer Ron Gambell was so pleased that the sidewalk construction started at his property, that he expressed his appreciation on his billboard.

Reorganization without representation

- by Bill Scott, M.P. -

In January 1982, the government announced the reorganization of departments. In June 1982, Bill C-123 was introduced in the House. It was in the form of yet another omnibus bill dealing as well with Crown Corporation reform and extension of the deadline for the completion of projects receiving incentives under the Regional Development Incentives Act.

The government agreed to consider each of these objectives in a separate bill. Bill C-152 was drawn up dealing with the reorganization of the Department of Regional and Economic Expansion, Industry, Trade and Commerce and External Affairs and Parliamentary Secretaries. The government then proceeded to implement the changes in department structure. This despite the fact that they did not bring the bill back for

second reading until May 27. They proceeded without legislative authority or any consultations with the provinces. They simply ignored these two key elements of the process.

What will this bill do when passed? It will reorganize the government as follows:

1. Responsibility for trade is transferred to External Affairs from Industry, Trade and Commerce.

2. A new Department of Regional Industrial Expansion is created out of the existing departments of Industry, Trade and Commerce and Regional Economic Expansion.

3. The mandate of the Ministry of State for Economic Development is expanded to include regional development.

3. The mandate of the Ministry of State for Economic Development is expanded to include

regional development.

4. A new Special Areas Act is established to deal with those DREE responsibilities that are not transferred to the Department of Regional Industrial Expansion.

Also, the bill increases the maximum number of Parliamentary Secretaries by four and expands eligibility to include Senators.

In commenting on the proposal the 1982 Senate study on Government Policy and Regional Development stated,

"With the demise of DREE, there is no longer a federal department with the sole mandate of promoting development in the least developed region of the country. There is a risk that

Economic and Regional Industrial Expansion, which

the Ministry of State for

have responsibility for the prosperous as well as the least developed regions, may pay diminished attention to the latter."

from the chamber

At last week's board meeting a comprehensive proposal was presented by membership chairman Bob Jennings and accepted by the board of directors. As of July 1, the Chamber membership will be billed on an annual calendar year basis versus an anniversary basis now in use.

Members whose renewal date falls at other than January 1 will be receiving partial year billings to bring them into line with the annual billing date basis. The renewal deadline will now coincide with the publication deadline for our annual directory and will therefore eliminate carrying names of some members who may not have renewed their membership in the Chamber. The new program is also designed to cut down the administration problem in the office.

Fees have been increased very slightly this year and an initiation fee of \$10.00 for new members has been added. This initiation fee is designed to cover the cost of setting up a new membership providing them with a comprehensive membership kit.

Two year contract

The Chamber sponsored Canada Manpower Outreach Centre in Haliburton will now be working on a two year contract instead of one. A study earlier this year, done by Dr. Williams on all Outreach Programs, is presently being reviewed by the minister of Employment and Immigration. One of the major recommendations in Dr. William's report was that there was a real need for some longer term commitments by the commission to the financial support of Outreach projects. As an interim step in that direction, authority has now been obtained to permit two year contractual arrangements to be made with Outreach projects sponsors.

The Manpower Outreach Centre has proved to be a major asset to our community but it has always laboured with this cloud of concern over its head wondering whether another year of funding will be proved. Going into two year contracts will

certainly alleviate this concern considerably and it is a move in the right direction by the minister.

Increase quantities of directories

Because the Chamber, this year, has come up with more ways to effectively distribute the Chamber Directory we find ourselves running out of them just as the summer is beginning. Not only did we distribute approximately 15,000 through the mails, but directories are also being distributed through the attractive distribution boxes in our members' establishments.

At the meeting of the board last week, this concern was discussed and it was decided that next year we should produce 35,000 directories, up 10,000 from the previous level of distribution. The directories also will once again be produced in co-operation with Central Ontario Travel Association and Bruce Potter Agencies. The increased distribution of directories will of course, cause a slight increase in advertising rates but it should be a very cost effective increase. Walter Thomas will

once again be talking to you about your advertising and he hopes to get on to an early start some time during the summer.

July 1 celebrations

With everybody locally so busy preparing for a busy summer our area has been somewhat lacking in July 1 celebrations over the last couple of years but both West Guilford and Minden are now making up for that. West Guilford began two years ago with their Canada Day celebrations and will be continuing this year with bazaar, bake sale, dance and a general good time. In Minden, a family picnic theme, with a flag raising ceremony at 1 o'clock and events for the whole family running throughout the afternoon. There will be a giant bonfire and fireworks display in the evening and the Family Brown stage show will be running at the arena.

Sounds like a great way to kick off what appears to be a great summer.

This and that

Last week we journeyed to Windsor to take part in a "Marketplace" in co-operation with the Ontario Association of Convention Bureaux. We met with meeting planners and organizers from Windsor, Detroit and other parts of Michigan, and met with a tremendous reception. There is a good deal of interest in

those regions in bringing meetings this far north to enjoy our solitude.

It may seem like the wrong time of year to be talking about cross-country skiing but a group has been very active doing just that for several months now. The Haliburton Highlands Nordic Trail Association was formed following a public meeting hosted by the Chamber to address the problem of co-ordinating trails and trail promotion throughout Haliburton County. Watch for more details on their programs, and in particular, watch for their advertisement in the coming Chamber newsletter planned for next week.

Merv and Helen Robertson were well known throughout our area for many years as the successful proprietors of Northern Eagle Trailer Park. Their daughter, Jeanna, never got the business entirely out of her blood apparently, because she and Rick Pringle have now purchased the former Wilbermere Lake Resort near Wilberforce.

They are changing the name to Moonlight Bay and are beginning to specifically operate the facilities to accommodate handicapped persons. All the facilities envisioned for this purpose will not be completed until this time next year, but they do expect to have some facilities available this summer.

Wednesday, June 29, 1983

sanctioned 4 x 4 event.

Former owners, Bill and Jean Thomas, will now be concentrating entirely on their Motorcross and Hill Climbing facilities further along the road. Bill is quite excited about this incidentally since now in addition to hosting Canadian National Hill Climbing championships he will also be hosting in August, the county's first

The Lumberjack Inn in Dorset, a masterpiece of reconstruction and design, features all types of lumbering memorabilia in its decor. We are pleased to announce that new proprietors, Gerhard and Susi Schlenker are now on the premises and they are anxious to see many of you drop in for lunch, dinner or a visit.

Minden-Haliburton play to 15 all tie

Seven games were played last week in the Haliburton Ladies Softball League.

The most exciting one by far was a game played in Minden between the Minden Juniors and Haliburton Seniors which ended in a 15-15 tie. It was a batter's field day with Lyn Winans and Wendy Roberts hitting and playing well for Haliburton while Wendy Ballantyne and Cheryl Dillon hit well.

The night before was a different story as the same two teams played in Haliburton and Haliburton won 16-15. Kim and Wendy Roberts were the power hitters for Haliburton. Wendy Ballantyne had a good night for

Minden. Nancy Maughan got the win while Andrea Burk took the loss.

West Guilford added two more points to their total as they beat Minden Dixie Lee 9-6. This was another good game from start to finish with Bethany Wood and Michelle Rosenberg supplying the hitting for West Guilford. Anne Hewson took the loss while Joan McKay picked up the win.

West Guilford played at home against Carnarvon on Tuesday night with Guilford coming out on top 23-2.

Minden Dixie Lee got their revenge as they trounced Wilberforce 12-3. Marg Fielding, Trish Slavik and Nelda Cully picked up the win while Sue Musclow took the loss.

Wilberforce travelled to Haliburton to play the Juniors last Monday night. Wilberforce came out on top 20-11. They were led by Kim Mumford, Joe Olszewski and Gail Krupa while Marla MacNaull, Tracy Harrison and Miriam Smith had a good night for the Juniors. Sue Musclow got the win while Marg and Miriam Smith shared the loss.

The two Haliburton teams played against each other last week with the Seniors coming out on top 14-9. Wendy Roberts and Nancy Maughan had a good night at the plate for the Seniors while Pam Iles and Michelle Harrison was good for the Juniors.

The old Provisional County of Haliburton signs were passed on to the two museums in the county. Aileen Johnson of the Haliburton County museum and Laura Kirkwood of the County Town museum, are shown here accepting the signs from county Warden Bill Howe.

Legion news

- submitted -

The Royal Canadian Legion, Branch 129, held a General Meeting on June 2, 1983, with President Bruce McKay in the Chair.

The following Associate members were initiated: Shirley Johnson, Joyce Ross, Irene Higgins, Gerald Irish, Peggy Humes and Joan Hobson.

After general business, it was agreed that the executive would carry on with meetings until the next general meeting in September.

In the meantime, join your friends for some excellent Bingo on Wednesday nights, and be sure to attend the Legion Carnival on July 20. Watch your newspaper for full details.

Remember to send your ticket money and stubs, for the \$1,000 draw, to the Branch prior to the Carnival.

Mabel D. Brannigan
Public Relations Officer

200 seniors attend activity day

On Monday June 20, nearly 200 senior from various parts of Haliburton County, including residents of Highland Crest and Extencicare, met at the beautiful PineStone Inn to enjoy a day of fellowship and fun.

In the morning our seniors had the pleasure of watching three movies London's Famous Kew Gardens, The Ride, and Foxfire. After a delicious

noon meal, games of Euchre and bridge were played. Following cards the seniors enjoyed dancing to the sounds of D.J. Jack Gedney. Swimming and golf were also featured on the agenda

for the afternoon, for those who wished to take part. After dinner some of the seniors enjoyed the fine evening by taking a walk on the beautiful grounds at the PineStone.

The day was such a success, that no doubt, everyone will be looking forward to the next Senior Citizens' Activity Day.

Elementary school

Honoured for outstanding athletic achievement

Described by their principal as one of the most outstanding graduating classes to leave Archie Stouffer Elementary School, 54 grade eight students were presented with their certificates in a ceremony Thursday afternoon.

Friends, relatives, teachers and proud parents were on hand to witness the presentation of special awards and graduation certificates.

As teachers came forward to present special awards to the outstanding students of the year, they all commented on the high calibre of representatives the school was sending on to secondary school next September. The principal, Stuart Baker, noted that 19 members of the graduating class were finishing their school year with honours, meaning they had achieved an overall mark of 75% or better.

The graduates were addressed by retiring member of the county education system Gordon Sharpless. He congratulated the graduates on their fine showing and challenged them to continue with their outstanding performance when they enter high school.

Among the special awards presented were:

For athletic achievement during the school year: the boy's award was shared by five individuals, Andrew Burk, Craig Crowe, Derek Little, Tom MacLeod and Gord Wood. Corry Ziorjen was the recipient of the girl's award.

The Ontario Public School Men Teacher's Federation award, presented to the student showing the best qualities of good citizenship, mannerliness and consideration for his or her fellow pupils and teachers was presented to Gordon Wood.

The Tim Harrison Memorial Award, presented to the top music student of the year, was awarded to Richard Beers.

The Alan Walker Memorial Trophy, for the student demonstrating an eagerness to learn and help was presented to Craig Crowe.

The graduates obtaining honours in their last year of study at Archie Stouffer Elementary School included Richard Beers, Lynn Bibby, Christopher Bunker, Laura Cross, Ginger Elliott, Ian Hicks, Julia Holliday-Rhodes, Carole Lacey, Terri Legge, Derek Little, Tom MacLeod, Vickie Martin, Helga Myers, Kendall Mintz, Stephanie O'Brien, Graham Robinson, Sharon Thornett, Gord Wood and Corry Ziorjen. The top position in this group was shared by two students. Both Laura Cross and Tom MacLeod shared the top mark of 88.2%.

The graduates received their certificates from Douglas Hodgson, Director of Education for Haliburton County. The following were presented with their certificate:

Bradley Archer, Dayna Atkinson, John Bath, Joseph Bath, Robert Blades, Paula Beaver, Richard Beers, Lynn Bibby, Lisa Box, Christopher Bunker, Andrew Burk, Laura Cross, Craig Crowe, Sandra Danilko, Christopher Davis, Ginger Elliott, Arthur Forbes, Anne-Marie George, Jillian Gilligan, Donna Graham, Jill Hamilton, Karen Harrison, Ian Hicks, Julia Holliday-Rhodes, Bryan Hughes, Susan Kernohan, Ernest Kleihauer, Carole Lacey, Terri Legge, Derek Little, Darlene Loucks, Tom MacLeod, Vickie Martin, Helga Heyers, Janet Milburn, Kendall Mintz,

Brian Miscio, Stephanie O'Brien, Duane Pratt, Scott Raymond, Lainie Rendall, Graham Robinson, Tracy Ross, Lori Saunders, David Schell, Joanne Silver, Peter

Strong, Donna Thomas, Sharon Thornett, Michelle Warnes, John Wells.

Tammy Wilbee, Gordon Wood and Corinne Ziorjen.

CHACE news

C.H.A.C.E. Place is a drop-in centre for parents and children, located in the village of Haliburton at Sir Sandford Fleming College, Lakeview Centre. It is open to everyone, permanent residents, cottagers and visitors to the area.

We have just finished a very successful series of child development movies on Thursday mornings. Starting June 30 and every Thursday morning through the summer we will be having a special activity day for children. We will start

with a magic show then a nature hike, a clown day, a puppet day, a midsummer picnic, a field day and a dress up day.

Drop in any day from Monday to Saturday for our regular informal program. Children of all ages are welcome. We are selling cookbooks and T-shirts to raise funds to support the resource centre. We will be holding a bake sale on July 2 and any donations of baking would be greatly appreciated.

Acid rain labs expanded

The Dorset Field Research Centre for acid rain was dedicated at a special ceremony Tuesday by the Honourable Keith C. Norton, Ontario Minister of the Environment. The ceremony was highlighted with the planting of a white pine to mark the permanent site for acid rain research. The tree is a symbol of the Ministry's commitment to the fight against acid rain.

"I wish to express appreciation for the contribution of the people of the Dorset community, and of the Districts of Muskoka and Haliburton, for their work and their commitment to the fight against acid rain," said Mr. Norton. "A special thank you must also be given to the Muskoka Acid Rain Committee,

whose strong support on the issue assisted my Ministry in this fight."

To date, \$5 million has been spent in the Dorset community on capital and maintenance costs for the project, since the Lakeshore Capacity Study was established in 1972. The

Acid Precipitation in Ontario Study, which developed from the initial study, has spent an additional estimated \$5 million in research of Dorset, since the official creation of the APIOS in 1979. This amount is a substantial portion of the over \$27 million which has been spent on APIOS in the past four years.

Under the Memorandum

of Intent, an agreement signed by Canada and the United States in 1980, both countries agreed to investigate the effects of acid rain. Results of studies undertaken at Dorset have provided much of the Canadian research support for presentations of the Canadian case against acid rain before work groups under the M.O.I.

The Ontario Ministry of the Environment is working with other governmental agencies, including the Ontario Ministry of Natural Resources and Environment Canada, and with independent research groups, to develop a total scientific picture of the acid rain problem. Air, water and terrestrial studies to

determine the source, destination and effects of acid rain are all in progress with Ontario's effort centered on the Dorset facility.

The Dorset facility originally consisted of two stationary trailers with a staff of three. With the establishment of the APIOS group, the Dorset centre became its major centre of field activity. By 1981, permanent staff had increased to ten with another ten staff employed on a seasonal basis.

This growth prompted the purchase of ten acres of land in 1980, when work was begun on expanding the Dorset facilities. Phase One of the project, which included the creation of permanent facilities, new trailer laboratories, water provisions, hydro and telephone service is now complete. Field operations by several ministries and independent researchers also take place at and nearby the site, which serves as an acid rain research base.

Exhibition starts tomorrow

- submitted -

The Popular Summer Exhibition and Sale of the Haliburton Highlands Guild of Fine Arts will be held from June 30 to July 16 at the Senior Elementary School in Haliburton. In addition to the outstanding display of arts and crafts that visitors to the Exhibition are accustomed to, several new events will be featured at this, the 21st Annual Exhibition.

Throughout the Exhibition there will be daily demonstrations of weaving, spinning, potting, quilting (and more...) While parents are viewing the show, children between the ages of 5 - 12 are welcome to the Children's Creative Art Centre where they can do

short craft projects. The Creative Art Centre will be open from 11:00 a.m. to 5:00 p.m. As well, each evening from 7:00 to 7:30, there will be musical entertainment. The regular exhibition will be supplemented by a "Member's Exhibition", which will be juried by three professional artists.

A very special event is planned for July 16 at 7:00 p.m. At that time, at the Haliburton High School, there will be an art auction of the works of professional artists. A portion of the proceeds from the auction will be going to help support the Haliburton Highlands Guild of Fine Arts. It should be lots of fun to come out to watch and to bid.

Entertainment at the opening of the Exhibition, at 7:00 p.m. on June 30, will

be provided by the Haliburton Highlands Pipes and Drum and the Choral Society. Celebrations will continue on Canada Day with musical entertainment in the bandshell at Head Lake Park, Haliburton from 1:00 p.m. to 4:00 p.m. Clowns, a Canada Day cake and a cartoonist doing caricatures will all be part of the fun.

Rolling readers club

Rolling Reader's Club will be starting again this summer at the Minden Library, July 6 and continuing until August 17.

Children of all ages who can read, are invited to the Library on the first day between the hours of 3 and 5 p.m., and register for this fun club. If this date is not convenient, come any afternoon, during Library hours, after July 6.

This is a project to encourage young people to come to the Library during their summer holidays.

At the end of the summer the youngsters taking part in the Rolling Readers Club will be invited to a party at the library. For more details about Rolling Readers, contact the library.

New Minden Rotary Club President Bill Obee is presented with the chain of office following his induction Monday night by past District Governor Jerry Lougheed. Other members of the new executive include: first vice president Paul Sisson, second vice president and treasurer Jack McGregor, past president Al Mayo, secretary Bob Wiltshire and directors Dave Atkinson, Peter Bennett and Clayt Hummel.

Hustlers continue winning streak

As a result of three big wins last week the Rockcliffe Hustlers appear to be running away with this year's tri-county baseball league. They now have a record of 9 wins and 1 loss.

In Minden Wednesday June 22, the locals thrashed the visiting Downeyville Royals to the score of 12-0. Rick Hartwick was on the mound for the Hustlers tossing a six hitter for his second win of the year. The Newell boys (Colin and Greg) each had three hits for the locals while Barry (Bob) Shaw slammed a single and a three run homer.

The Hustlers travelled to Woodville Thursday night and soundly thumped the Hometown Merchants to the score of 17 to 4. The Merchants got on the score board first as they scored four runs in their half of the first inning.

The Hustlers bounced back with two runs in the second and seven more in the third to take a commanding lead and never looked back. Jack Snell was the winning pitcher as he threw a seven hitter for his fourth win of the year. Big guns at the bat for the Hustlers were Greg Newell and Barry Shaw with four hits

each and Dave Hartwick with three.

The Rockcliffe boys travelled to Pontypool on Sunday afternoon and came away with an 8-5 victory to raise their record to 9 wins and 1 loss.

Jack Snell was on the mound for the Hustlers and picked up his fifth win of the year as he threw a six hitter at Hometown Pontypool.

Barry Shaw slammed his fifth homer of the year along with two singles was the big gun with the bat for the third game in a row. Rick Hartwick, Colin Newell and Brian Mullholland each had

two hits.

SPOT THE SHOT

The world famous, ever-popular and much appreciated fun photo contest returns to The Times for another summer. Once again this year Easton's Red & White, Minden and Haliburton will be providing the \$25 gift certificate prizes for our winners. This year our photo series will feature dams and waterfalls.

Recognize this scene? If you do you should know the name of the lake above and below the dam. Send us the names of these two lakes and you could win the \$25 gift certificate. The winning entry will be chosen by lot from all the correct ones received. Contest closes July 11. Please mark "Contest No. 1" on your envelope and send or bring it to The Times, Box 97, Minden, Ontario. K0M 2K0. Winner will be announced in the July 13 edition of The Times.

Council briefs

Tim Pritchard has been awarded the internship for by-law enforcement officer for Anson, Hindon and Minden. The decision came following consideration of applications submitted by students.

The municipality received the grant for the internship to train a by-law enforcement officer during three summers. The student must take related courses during the school year. Pritchard has yet to apply for his acceptance into a college but the municipality has decided to send a cover letter to the institution he attends to eliminate problems.

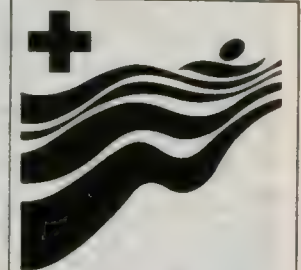

Baseball tourney

Dave Willis approached council to request permission for a Bavarian bar at the annual Rockcliffe Hustlers baseball tournament.

Willis required council's blessing to obtain the liquor licence from the Liquor Control Board of Ontario for the yearly contest.

The tournament is scheduled during the week-end of August 12, 13 and 14.

The request was approved.

the car's headlights with a bright green colour. Extra care should be exercised when noticing something reflecting green near a roadway.

Driver injured

The driver of a car was

seriously injured following a two vehicle accident on a cottage road near Haliburton Lake. The mishap occurred June 24.

Cheryl Young, 26, of Mississauga was the driver of a car which struck an

oncoming car and ended up in the ditch. Damage to the Young car was estimated at \$3000. Young was taken to Haliburton Red Cross hospital with what were described as serious injuries. The driver of the second

vehicle, Gary Penmore, 34, of Newmarket, was uninjured.

Young has been charged, with careless driving, driving without a licence and failing to ensure a passenger under the age of 16 years was wearing a seatbelt.

Constable Wim Magee investigated.

Chamber defends position at meeting

The Haliburton County Chamber of Commerce was again the matter of discussion at a county council meeting June 22. Some of the concerns introduced at last month's meeting were addressed by chamber representatives

president Rhonda Elstone and manager Bob Stinson.

Stanhope Deputy Reeve Elgin Stouffer brought up his concerns about the lack of representation from all parts of the county on the Chamber's board of directors at the May 18

council meeting. At that time he suggested that because of this problem and the fact the county is the largest single financial contributor, it should have more say in the direction of the Chamber.

Elstone said the Chamber is aware of the large representation Dysart has on the board but pointed out that these members are involved in different industries.

"We realize there is not a good cross section on the board, but attempts to rectify the situation have proven futile."

"We tried to address the situation with ex officio member Joe Paul of Cardiff. It was a direct attempt to get representation from other areas," said Elstone. Stinson said the Chamber had made efforts to involve other areas but the calls have been ignored.

Elstone said that if the county followed the Stouffer proposal, the membership to the Chamber would drop off. Stinson suggested a county-Chamber coordinating committee be set up to answer the questions county councillors may have on funds.

Lutterworth Reeve Ron Gambell, strenuously objected to the formation of such a committee. "We can't run the day to day operation. That's what people are there for," he said.

Special events

Another of Stouffer's concerns was the absence of effort made to solicit information about events from the county's municipalities. The deputy reeve said time should be taken by the Chamber to call the clerks in the county to discover special days.

Stinson reported that Leopoldina Dobrensky of the County of Haliburton Information Centre spends one day a week on the phone to discover these special occasions. The Chamber manager said the size of the staff at the Chamber office would not be able to support the time needed to make a full day's calls. He again requested people contact the Chamber to provide information on their occasion.

Dysart Reeve Murray Fearrey was adamant that council clear the air about the Chamber. He called on Stouffer to further outline his complaints, as Warden Bill Howe directed when he instructed Stouffer to prepare a report on the deputy reeve's knowledge of problems with the Chamber for this month's council meeting.

Stouffer did not directly confront the issue. He did say the Lake Kashagawigamog area received "the lion's

share of promotion" from the Chamber. He said he had complimented the county organization on the success of the efforts made for the lake businesses, but remarked he had received complaints from outlying areas about the lack of promotion. "You owe a little bit to these areas. You could phone once a week."

The deputy reeve referred to paradoxical situations found with promotion. Do facilities come with promotion or is it necessary to have the facilities before promotion?

"It is simple for a municipality to instruct the clerk to keep the Chamber up to date on events within that municipality," said Fearrey. "The onus should be on the municipality."

Fearrey also said the facilities or promotion first question will never be resolved.

Lastly, Stouffer said there must be problems with the Chamber's method of business and pointed to "the problem with Minden and Lutterworth" as an example. More groups will continue to break off until the Chamber adjusts its approach according to Stouffer.

Anson, Hindon and Minden Reeve Lyle McKnight assured county

council and the Chamber representatives present, that the new area information booth set up in Lutterworth as an effort by both municipalities to promote their townships, is not designed to conflict with the Chamber of Commerce building farther north on Highway 35. "Our council wants to work in co-operation with the Chamber," McKnight said.

Warden Bill Howe directed Stouffer and Chamber delegates to sit with the management committee to develop specific guidelines for county/Chamber relations.

outdoors

by Ron Reid - Federation of Ontario Naturalists

It took millions of years for Ontario's most scenic landscape to emerge as a ribbon of craggy forested rock, winding its way from Queenston to Tobermory. But the Ontario Government may effectively undo that history this year if it accepts the recommendations of a hearing board convened to review the first comprehensive plan to protect the Niagara Escarpment.

The natural splendor of this rugged curtain dividing southern Ontario has been praised for a century by visitors who come from all over the world, to hike the 450 mile Bruce Trail, and enjoy waterfalls, rare plants and many caves along the way. Ten years ago the Ontario Government also paid tribute by enacting legislation which created the Niagara Escarpment Commission and spawned its proposed plan of 1979, a plan of 1979, a plan designed to maintain the escarpment area "...as a continuous natural environment..." by controlling development.

Continuity is the very essence of this serpentine environment, and any plan for ongoing protective management must reflect this fact if the remorseless chipping away at escarpment features — a process which literally provides 40% of Ontario's sand, gravel and stone — is to be stopped.

Two years of expensive public hearings followed the plan's release, revealing strong, thoughtful support for its proposals up and down the escarpment. But the hearing officers only heard and reported on the heated reaction of critics

who see the natural environment as an unexploited resource, and the proposed plan as an assault on private property.

Their report is alleged by the Coalition on the Niagara Escarpment (CONE), a citizen's organization, to illegally defy the guiding principles of the 1973 legislation. Its recommendations would effectively turn the Commission's conservation proposals into a development plan by allowing condominiums in the most sensitive natural areas as well as the agricultural lands which the commission seeks to protect; approving development in the Beaver Valley and several other areas despite sustained local opposition; shifting plan implementation from the Commission to local municipalities; and removing many rural areas from the plan.

"An orderly plan for this magnificent provincial heritage is now in tatters," says Lyn MacMillan, President of CONE. Though denounced in major editorials and the legislature for its one-sided, insulting review of the evidence heard, the hearing officers' report is the one outside assessment of the proposed plan which the government is obliged to consider when deciding the fate of the Escarpment in the coming months.

Unless the Premier continues to hear from citizens across the Province that the Escarpment must be protected, this report could open a back door for the government to escape from its legal commitment of a decade ago.

The Setting

Whether you want a snack to go at a fast service take-out window or a full course meal with all the trimmings, you find a restaurant to suit your taste and pocket book in the Haliburton Highlands.

The Highlands is indeed fortunate to have such a wide and varied selection of eating experiences, all within easy driving distance. As a matter of fact, it would not be impossible to enjoy a fine supper every day for two weeks in a different restaurant and still have places left to try.

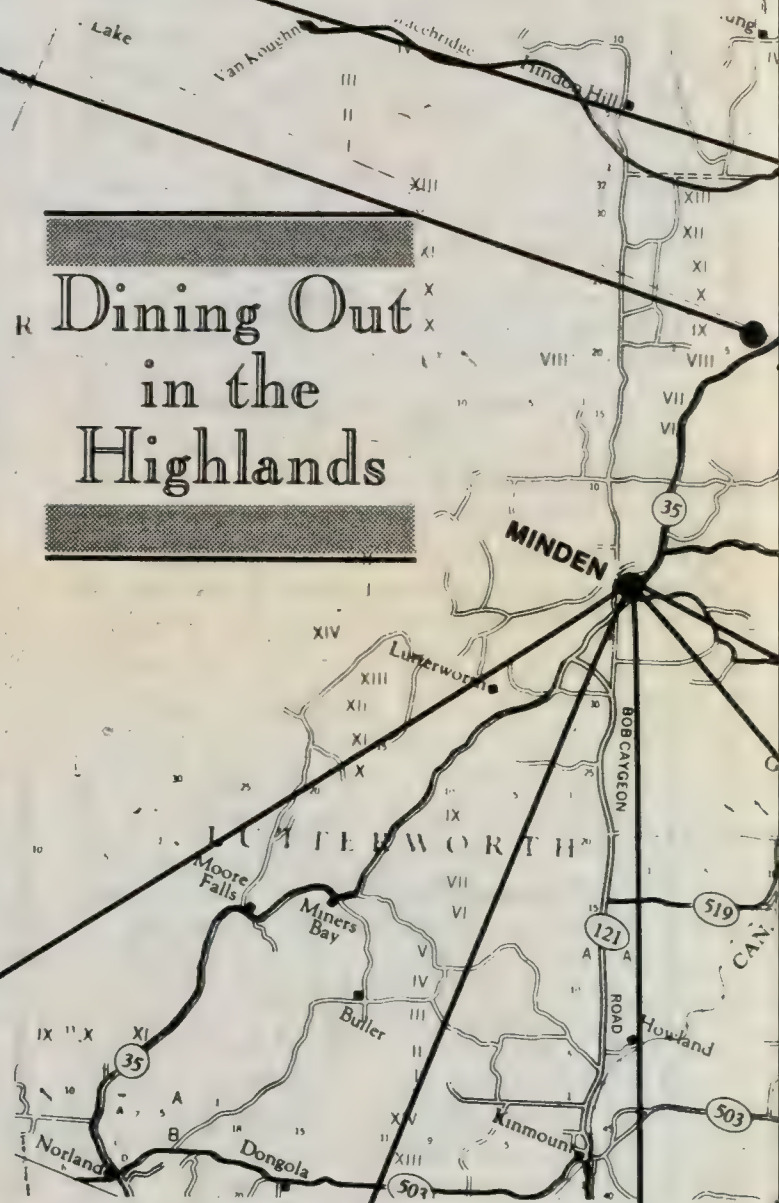

Dining in the Highlands is an experience that is enhanced by the beautiful scenery of the Canadian Shield. Many restaurants listed in this guide have taken advantage of the rugged splendour of the Haliburton Highlands to add to your pleasure. What could be more inviting than an evening meal served by a window with a lakeside view? Linger awhile, enjoy the setting.

Many of the restaurants featured here also offer additional activities to make your outing complete. Lounges with entertainment, dancing and pleasant surroundings help to make the outing more than just a meal — it's an evening out.

You'll always find the welcome warm and cordial. The staff and proprietors at Highlands' restaurants are pleased to see you and eager to ensure that your dining experience is one you'll remember for a long time to come.

May we suggest you select one or more of the restaurants listed here that appeal to you. We know you'll be pleased, no matter what your choice. Making dining an important and memorable part of your visit to the Haliburton Highlands.

4-H delegates for camp

Lori McRae of Woodville and Graham Dyer of Dunsford have been selected from Victoria County to attend a Provincial 4-H Leadership Camp.

Senior 4-H members from across Ontario attended camp at Olympia Sports Camp, June 20 to 26.

Lori is the daughter of Pat and Lorraine McRae. Graham is the son of Bryan and Barbara Dyer.

All delegates to the camp develop skills in leadership and communication. Ninety young people representing the counties, regions and districts of Ontario have worked together for the week.

The program is held under the supervision of the Ontario Ministry of Agriculture and Food Staff.

Scholarship winners announced

Five 4-H members with the highest scores in financial management regional competitions will receive \$350 educational scholarships. Agriculture and Food Minister Dennis Timbrell announced today.

Winners of the scholarships are Julie Bumstead, R.

R. S. Owen Sound, Graham Dyer, R. R. 2, Dunsford, Frank Farkas, R. R. 3, Harley, Chuck Fiss, R.R. 1, Ashburn, and Scott Jeremy, R.R. 1, Hawkestone. The scholarships will be awarded when the winners enrol in an agriculture, home economics or business course.

The five were among 1,300 young men and women, 16 to 19, who participated in the first 4-H financial management program, introduced last fall by the ministry's Rural Organizations and Services Branch. Winners were selected at 14 regional competitions.

"The scholarship winners demonstrated their financial management skills by achieving more than 85 per cent in the quizzes and exercises at the regional

level," said Timbrell. "Topics covered included balance sheets, partial budgets, income and expense statements, cash flow and actual case studies."

This 4-H program was the first course offered to both 4-H agricultural and home-making club members.

"The 4-H financial management program is part of the ministry's overall plan to sharpen financial management skills," said Timbrell. "By arming young people with these practical skills now, they will be better equipped to operate the farms, homes and businesses of the future."

Events this week

July 5 - 7: Regional 4-H Conference at Trent University, Peterborough.

Minden W.I. Bus trip

On a hot June 22nd, the bus chartered by Minden Women's Institute left our town for Orillia. The lovely scenery in all its greenery passed us and we then turned in to see the Stephen Leacock Home on the pleasant shore of Old Beer Bay. We went through this home of our world-famous humorist and could see where he had done his writings. The guide had told us that Sunshine Sketches had recently been translated into Chinese was popular there.

After this we went on to Bayfield Mall in Barrie for shopping and our noon meal.

After this on to our tour of Molson's Brewery. Here we learned of the brewing industry with very efficient guides. Then we were made welcome at their lounge where all enjoyed their brand of beer or pop with the sandwiches and relishes. While here we also saw their movie about John Molson and at the end of this the familiar commercials. Then on board again and on our way and all agreed it was an entertaining day.

our land!

HHSS salutes 1983

Nervous graduates lined one side of the auditorium at the Haliburton Highlands Secondary School last Saturday night waiting to accept the piece of paper culminating four or five years of high school.

The event filled the gymnasium with well wishing relatives and friends. The ceremony of presenting those who had earned their Ontario Secondary School Graduation Diploma or the Honours diploma was preceded by a speech by the obviously touched principal Dale Robinson.

The break between the handing out of diplomas to the grade 12 class and the grade 13 class was filled with the valedictorian address of grade 12 student Debbie Ingram.

Ingram recalled the years spent at HHSS preparing for the reception of the document her grade 12 classmates were clutching. She spoke with fondness of the hours spent keeping up with the demands teachers placed upon the classes.

After the grade 13 class had been granted their Honours diplomas, valedictorian Kathy Mosgrove joked of the efforts made by the class to earn their diplomas.

Mosgrove was also one of the Ontario Scholars recognised for maintaining an average of at least 80 per cent. The other Ontario Scholars were Bruce White, Mike Pearson and Dawn Wright.

Others to receive their diplomas Saturday were:

Grade 13 graduates: Terrence Allore, David Bishop, Shane Blakey, Gregory Brown, Shelly Bull, Suzanne Carrell, Rick Choy, Peter Connelly, Terry Crowe, Jeffrey Foran, Stephen Hogg, Christopher Lodenquai, Stephen MacNaull, Jacqueline Miller, Duff Mitchell, Katherine Mosgrove, Michael Pearsell, Michael Pearson, Craig Saunders, Kevin Shapiera, Nancy Shipley, Wendy Sicard,

Stephen Symonds, Catherine Tyler, Bruce White, James Wooden, Cheryl Wright and Dawn Wright.

Grade 12 graduates: Adine Adams, Wade Adams, Lynn Allore, Michael Amyotte, Nancy Bagg, Heather Bailey, Lisa Bandi, Sheila Barnes, Kevin Barnum, Jenny Barry, James Bennett, Jane Bibby, Maureen Billings, Mark Blackburn, Craig Brown, Susie Brown, Stanley Brown, Kimberly Burke.

Glendon Clarke, Lisa Congdon, Ernest Cooper, Esther Cooper Harold Cowen, Mary Anne Daigle, Sherry Davis, Sharlene Dennys, Timothy Demero, Ida Dewey, Melanie Dewey, Ronald Draper.

Janice Emmerson, Brenda Fearrey, Sean Finlay, Brett Foster, Helene Gervais, Karen Gillespie, Sharin Gilligan, Stewart Hall, Christine Hartin, Tracey Henderson, Valerie Henderson, Cammie Hillis, Sharon Howard, Cathy Howe, Debbie Ingram, Peter Jennings.

Lori Anne Kellett, Duane Lennie, Michele Levesque, Donna Lewins, Carla Lichty, Kelly Linkert, Marla MacNaull, Diane Madill, Lori Magee, Helen Main, Paul Mayo, Kimberly McDonald, Richard McGee, Gregory McKay, Karen Miller, Susan Milne, Craig Mintz, Victor Mitchell, Kirsten Monk.

Louise Newton, Deborah O'Connor, Janette Oudenampsen, Joanne Penney, Laura Pockett, Jessica Powell, Lisa Rankine, Fredrick Roberts, Bradley Robinson, Maria Rosenberg, Andrew Shapiera, Tony Sinikivi, Karen Smith, Stephen Smith, Lynne Stamp, Karen Stewart, Kristine Stewart, Kristine Storey, Jalna Stromberg.

Signe Tashlin, John Teljeur, Tracy Thompson, Bernd Tragert, Steven Tripp, Paul Upton, Tonia Varty, Paul Vuksic, Sherry Wessell, Timothy Wood, Jennifer Woods, Scott Young.

NOTICE CONSERVATION OF WATER

Townships of Anson, Hindon & Minden

Due to the hot dry weather excessive water has been used for watering lawns and gardens, thereby reducing the volume of water.

All persons on the Municipal Water System are urged to practice restraint by watering lawns and gardens before 9:00 o'clock in the morning and after 8:00 o'clock in the evening.

This message is issued to avoid a possible fire hazard situation due to low water volume.

Gene Newell,
Chief Operator.

NOTICE MINDEN SWIM PROGRAM

REGISTRATION for the above-noted classes will be held at the MINDEN DOCK on Saturday, July 2nd, 1983 between 11:00 a.m. and 2:00 p.m.

Looking back

This week we continue the excerpts from the "Facts for Emigrants" pamphlet written by Charles MacDermott in 1868. Returning to England after spending a number of years in Haliburton County, MacDermott wrote about his experiences so that others considering the move to Canada would be aware of the circumstances awaiting their arrival. In this installment MacDermott discusses the wages the pioneers could expect to receive.

It is not easy to give a clear idea of the scale of wages in this Back Country. It is so involved with the subject of board and lodging that the old countryman cannot at once comprehend its nature. The wages of a carpenter, — a good workman, — who understands the nature of this country well, may be taken at 1 dol. per day and his board and lodging. The usual charge for board and lodging is 2 dol. 50 cents per week. In Haliburton there is a very nice little hotel, supplied abundantly with venison and salmon through the skill of the proprietor, Mr. Holland, and I believe that the usual charge for a week's board and lodging is from 2 dol. 50 cents to 3 dol. per week. The wages of a man hired to work on a farm, a man who can chop and is thoroughly familiar with the axe and all the work of clearing new land, may be taken at from 12 dol. to 15 dol. per month and his board and lodging. It must not, however, be supposed that an emigrant fresh from the old country will obtain these wages. If a raw hand can earn enough to pay for

his board and lodging he should consider he is doing well. In fact the emigrant when he first arrives is not of much use to anyone. He can't chop, — he can't drive oxen, — he can't cradle, — he can't split rails, — and it is very few who can even hill potatoes or Indian corn. Since I arrived here a very industrious Englishman, — a hard working man, — came out and at once took a job, — chopping a piece of new land. He worked honestly at his job from sunrise to sunset, and in twelve days had scarcely finished half an acre. The market price of chopping an acre of ordinary land is seven dol. and it takes an average axeman six days. There are men who say they can chop an acre in less, but I think seven days might be taken as an average. It will take at least two months for even a quick and apt old countryman to learn to swing an axe, and it will be a year before he makes a good axeman. The wages of girls are high, and they are in great request. A girl will obtain from four dol. to six dol. per month.

Thinking of Selling? Give us a call.

senior league

by Bert Harrison

This is Senior Citizens' Week. It started up here with vim! Doris loads the Hyland bus with residents from within, for they were invited guests at lovely PineStone Inn. They had a grand time, watching movies, playing games. They served a real nice dinner and such, they all said when they returned, they enjoyed it very much.

Service in the chapel Sunday night, the scripture was from the eleventh chapter of Hebrews. Rev Burgess spoke on the life of Enoch, who didn't see death for God took him. Enoch walked with God.

We are sorry Helen Lee is not with us for a while, we really miss her cute wee smile. Joan Kernohan says if she has to clean and scrub without the help of Helen, she will end up with water on the knee.

We have Helena Brown here, by the way, "Welcome Helena, we hope you like it here and decide to stay."

Rev. Westhaver of Minden United Church, who lives just across the way, conducted an interesting service in the chapel this June twenty first day. Agnes Taylor came from Halls Lake, the music to play. Thank you both for coming, we would like to say.

Our Open House and Afternoon Tea Party were the same day, but the weather was so awfully hot, we are sure some stayed away. For those who came enjoyed cold drinks, or hot drinks and strawberry short-

cake, also a tour of our lovely Home, most of them did make.

Tuesday night is music night, much pleasure they do bring, we 'phoned and asked them not to come, the heat might melt the fiddle strings.

Wednesday morning they loaded the bus, and taking off once more went up to Dorset to shop in Robertson's store, then had dinner beside the lake, what could they ask for more.

Dear Yvonne, when we didn't see in The Times any news for County Town and you're in the hospital all beddeddown, we want you to know we really miss your letter, we want to wish you all the best and hope you'll soon be better.

Our girls put on the Tea Party Thursday afternoon with the help of Florence Robb, served it up so nicely and did a real good job. Doris made a lovely birthday cake for those born in the month of June, and gave a piece to all the rest, then the Ham Browns who were our special guests. They surely did "ham" it up, Mrs. Brown was a scream. She had a big boil on a place that you would never dream. The Browns live at Lutterworth Estates and the way they entertained us was simply great.

Some members of the Kinsmen Club put on a Bingo each Thursday night, always someone to see it's done just right. We don't always get the caller's names, but we thank you all for coming to call the Bingo

games.

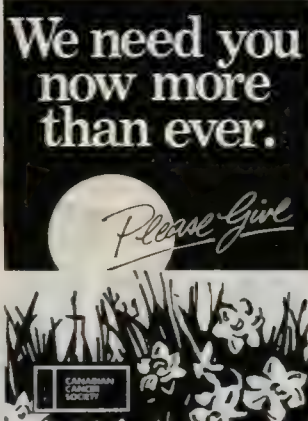

Friday afternoon the "Fenelon Gals" came to Hyland Crest once more, remember how they entertained us when they were here before? They are Senior Citizens, but don't show their age especially when they are acting up on the stage. They sang and danced and whooped it up, and really had a ball, we thank the Gals for coming all the way from Fenelon Falls.

Sorry to report that Ralph Daniels is in hospital as I write this letter, we hope he will be back here soon and feeling much better.

Well Senior Citizens' Week is over and we would all like to say a big thank you for Linda and Doris, for providing good entertainment for each passing day.

God wrote his loveliest poem on the day he made the first silver poplar tree, and set it high upon a pale gold hill, for all the new enchanted earth to see. And then God took the music of the wind and set each leaf aflutter and a thrill. Today I read this poem word by word among the silver poplars on the hill.

Bert Harrison

Minden museum report

-submitted-

The Minden County Town Museum Committee met at the library on Monday, June 20. Attending the meeting along with the committee members were Gala and Cy Heal, Sylvia Howard and Dick Kirkwood. Sylvia turned over the proceeds to date on the picture raffle amounting to \$100.00. A gift to the memorial fund in memory of Mary Maidens was given by Irene Moore. The fund is growing. A memorial scroll is being prepared by Cy Heal. Cy is also to be thanked for the sign in the window of the old Welch store which advertises the Great July 1 Hodge Podge Sale.

Plans for the sale were finalized at the meeting. There will be something for everyone-home baking-plants-books-new things-old things-refreshments and an antique display. Don't forget to call John Hulbig 286-1319 for pick up if you have a donation for the sale.

The renovations inside the building have been started thanks to Dick Kirkwood and Pat Clarke. These two men are doing the work without charge for which we are very grateful. The museum committee is very small, and cannot carry out alone all the plans and

work necessary in order to make the museum an established fact. You are needed. Come to the next meeting at the library on Monday, July 18, at 7:30 p.m., and start helping with your museum.

On Wednesday, June 22 Laura Kirkwood, chairman of the acquisitions committee, attended the County Council meeting where she accepted, on behalf of the museum committee, the Provincial

County of Haliburton sign which was in use prior to the removal of the word 'Provisional'. Warden William G. Howe made the presentation. The committee thanks County Council for this gift.

We hope to see a big crowd at the Hodge Podge Sale on July 1 at 10 a.m. Donations to the bake table etc. will be gratefully received.

(prepared by Aileen Blears)

Bowlers enjoy first fun day

Saturday, June 25, the first Fun Day for the season was held at the Minden Lawn Bowling Club. Alberta Maitland, Vice-President of the Club, was in charge of the activity club and executive members were on hand to welcome the bowlers.

As soon as the teams of trebles were drawn the competition began.

When the scores were totalled, Cy Heal, Lorraine King and Helen Burton had won first place. Second place honours went to Helen Stott, Lloyd Boskett and Carey Rose. Coming in third were Gala Heal, Edna

Sedgwick and Jennie Riches. Everyone who participated had a good time and all look forward to the next such special event.

Nearing the half-way mark in the evening series the leading team for each evening is as follows:

Monday - Ev Rudd's team; Tuesday - Helen Howe's team; Wednesday - Tom Hurtt's team; Thursday - There is a tie between Holly Cooper's team and Lloyd Boskett's; Friday - Jeannie Riches team.

Competition is keen, so the above standings could quickly change.

around the county town

by Yvonne Guida

This was for last week's column which I unfortunately was not able to write.

For my friend Mary Maidens.

Wouldn't it be wonderful To sail above the world And not be plagued by scrutiny

The way one thinks you ought to be

The spirit free, unfettered Its beauty all unfurled.

To view the earth, its problems

Upon the other side

And not to be subjected Its problems to decide

Ah me, 'tis not for us to choose

Our sometimes bitter road For us to toil and fume and fuss

Believe me it was ever thus Life's mysteries still behold.

A child comes into this world born in pain and alone and unfortunately must leave the same way. But he or she is born innocent. It is only by learning from peers or parents that she or he becomes aware of certain things. I worked for some years with the mentally retarded in art and found them most loving and appreciative of whatever I had to offer. Beauty in all things is in the eye of the beholder. If you look for beauty you will find it. If you look for evil - be it music, art, literature or poetry, you can find that too, but I hope that people can look toward the beauty that is meant and the deeper meaning that most artists strive to attain.

Irwin Karnick of Ennismore visited last week. His show is currently at our Gallery. After a sumptuous repast at Leung's we trekked to some friends to view a fabulous documentary that Irwin had filmed called Lake Odessey. It was really beautiful and the guests were most enthusiastic. His next show will begin December 4th at Adelphi University, N.Y. Do try to get to his exhibit at our Gallery before it closes.

I am sorry to report Mrs. Adella Thomas formerly of Carnarvon passed away last week. Our deepest sympathy to her family.

Mrs. Marjorie Windover spent an enjoyable two weeks visiting relatives and friends in Saskatchewan and Winnipeg.

Bradley Robinson, son of Philip and Florence Robinson was attending a theatre performance in London a week ago when he was pleasantly surprised to find himself standing quite close to Princess Di and Prince Charles who were in attendance. Quite a thrill for Bradley.

weeks with her daughter Mrs. Bailey in Minden prior to her grand daughter Laurie's wedding. Laurie was married recently to Mr. Tim Smith of Oshawa. Best wishes to them both.

Mr. and Mrs. Keith McIntosh of Oshawa spent a few days with their families in Minden and Maple Lake.

Mr. Willis Harrison of Haliburton has not been enjoying the best of health lately. All best wishes from your family and friends at Maple Lake.

My deep appreciation and thanks to Dr. Holliday-Rhodes and the wonderful dedicated nurses at Minden Red Cross Hospital for taking such good care of me. My thanks to all my friends for their kind thoughts.

Loran Gartshore passed away in Minden Hospital last week. Our deepest sympathy to the members of his family.

Murray Taylor of Minden passed away last week. Our deepest sympathy to the members of his family.

We're sorry to hear of the death on Monday of Halden Curtiss. Mr. Curtiss, a summer resident on Horse-shoe Lake, died at his residence in Erie, Pennsylvania. Our condolences to his wife, Lavina, and his family and friends.

Winners of the Museum Card Party for the past two weeks are as follows: (only euchre is played). On June 16 Hilda Harrison, Irene Houghton and May Wright, on June 23 Verna McDougal, May Eldridge and Jeanne Sears. The money from the card parties goes to the museum fund. The parties begin at 1:30 p.m. and everyone is welcome.

Free movies for children will be shown at the Cultural centre this Friday at 7 p.m. Movies will be shown every Friday during July and August from 7:15 to 8:15 p.m. All are welcome.

kid's korner

by Jean Lacey

Hi Kids!

Here is another puzzle for you with a word list. Look in the diagram of letters for the words given in the list. Find them by reading up, down, forward, backward and diagonally. They are all in a straight line and do not skip letters. Circle the words in the diagram and cross it off in the list.

It's as easy as that. Have fun.

Q: What can go up the chimney down but can't go down the chimney up?

A: An umbrella.

Q: What kind of water can you carry in a sieve?

A: Ice

Q: What gets wetter the more it dries?

A: A towel.

What goes all around the world but stays in one corner?

A: A postage stamp.

Q: What can you swallow that can also swallow you?

A: Water.

Q: What is always coming but never arrives?

A: Tomorrow.

CARD OF THANKS

I wish to thank all my friends for their many cards and flowers during my stay in Lindsay Hospital and presently in the Minden Red Cross Hospital. Looking forward to returning to the Sunrise Apartments in the near future.

Lena Burton

Belinda and Marvin Brown (and assorted animals) have arrived safely in Hedley, B.C. A special thank you to Marg Harrison and David and Judy Phillips for the bon voyage and to all our friends and neighbours in Carnarvon, Minden and Stanhope. 6E

I would like to thank all my friends for the lovely cards, fruit, flowers and good wishes received by me during my stay in hospital. Your kindness has been most appreciated.

Jerry Durant

Many thanks to all our friends for their kindness and concern for George when he was in St. Joseph's hospital. Special thanks to Peggy and Ed Pettinger, Grace and Lorne Coburn also Al Stott for making it possible for me to visit him.

Lillian Davidson
